

***Floorball: A fun, safe, and inclusive sport***

While Floorball is similar to floor hockey it differs in key areas such as equipment needed and the rules of the game; both of which are focused around safety and inclusion. Participants will learn the history of the sport, get a crash course on all aspects of the game, learn how to effectively market the program to students, and get hands on training playing the game. If you're looking for the next big thing to bring to your campus, you'll want to be part of this program. While we will be giving you a lot of information you won't be sitting the whole time. Plan to engage, move and have fun!
