

Student Employment Learning Outcomes: Developing Campus Leaders through Employment Opportunities

Evergreen has utilized the S.E.L.O. for a few years, enabling Student Leads to grow into positions of leadership that involves taking lead roles in hiring, training, evaluating and assessing employment opportunities moving forward. This program reviews the program, where it works well and where there have been struggles. Strengths have included leadership opportunities, enhanced campus engagement and staff diversity. Assessing the challenges has helped to better understand the needs of our students and to target areas of improvement.

- Lead Presenter: Ray Finn, Evergreen State College
